DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35

U.S.C. 121:

- I. Claims 1-15, drawn to Provisioning a communication sessions, classified in class 709, subclass 227.
- II. Claims 16-23, drawn to conferencing, classified in class 370, subclass 260.
- III. Claim 24-32, drawn to authenticating user request, classified in class 713, subclass 152.
- IV. Claim 33-35, drawn to computer conferencing, classified in class 709, subclass 204.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I - IV are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case,

invention I has separate utility such as lacking conferencing, authenticating user request, computer conferencing, particulars. Invention II has separate utility such as lacking authenticating user request, computer conferencing, particulars. Invention III has separate utility such as lacking computer conferencing, particulars. See MPEP § 806.05(d).

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

4. Because these inventions are distinct for the reasons given above and the search required for one group is not required for another group, restriction for examination purposes as indicated is proper.

5. A telephone call was made on 06/21/05 to Thomas E. Wettermann request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mohammad A Siddiqi whose telephone number is (571) 272-3976. The examiner can normally be reached on Monday -Thursday.
